Library Impact Case Study

Consent to use Library Impact Case Study as part of the Evidence Informed Healthcare Campaign

We would very much like to share the case study in order to promote the library and knowledge service and the way in which it supports the organisation and staff. For this reason we would like your consent in sharing the information and, ideally, providing your name as someone who has benefitted from Library Services. However if you would prefer to remain anonymous we understand.

Therefore do we have your permission to include your name on the case study? Yes/No
Please confirm that you agree to give consent for the case study to be **used internally** in relevant materials, including but not limited to reports, leaflets, training and promotional materials, which may be published in paper form or made available on the **intranet**. Yes/No
Please confirm that you agree to give consent for the case study to be **used externally** in relevant materials, including but not limited to reports, leaflets, training and promotional materials, which may be published in paper form or made widely available on the **internet including as part of a national database of case studies**.
